“We appreciate Vilnius University Accounting and Audit program graduates since they are not only well equipped with the knowledge required to start an accounting and audit career but also curious and ready for a lifetime growth journey. At EY, we facilitate growth in the following ways: continuous learning with multiple training programs, access to global learning and moreover support on the job development while participating in challenging international engagements. Each year we provide the exceptional EY experience for 50 – 70 students in accounting, audit and tax”.

Andrius Jūrelė,
EY Lithuania, Partner

“Every year we select two teams of auditing interns and specialists for PwC Lithuania Auditing department. In 2022/2023 we employed 62 specialists and 18 interns. PwC values the graduates of Vilnius University Accounting and Audit program because of the fundamental knowledge in accounting, auditing, financial analysis and economics that they receive during their studies, and also because during their study projects they learn how to achieve the best results while working in a team. Accounting and auditing specialists, who grow up in one of the best universities for this study profile, are able to quickly adopt new knowledge, adapt to the dynamic and fast-paced job at PwC, as well as navigate the Lithuanian and global business market. Such skills are very helpful when you are a part of an international company, uniting 295 000 experts, and your projects often exceed the limits of Lithuania and even Europe”.
